

Outdoor fun

The RIMO Cross Kart, with extra high clearance and cross tires, is suitable for all kinds of off-roading.

Equipped with a robust roll cage, head and side protective nets and a 4-point-SCHROTH-safety harness - this kart offers optimal safety for the driver.

Not to neglect the drivers comfort, the rear axle could be equipped with an adjustable suspension as an option. A safe and reliable product for all users, from amusement parks to private owners.
